

1. Report Instructions and Information

Tips when completing the report:

All questions in one section must be answered before the survey will advance to the next section. You must advance to the end of the form to save your answers. Districts/charters may wish to enter short text as a placeholder to advance in the form and return at a later time to answer the question.

When asked for results from 2020-21, please provide the relevant data when possible. For each goal, you will have the opportunity to describe how disruptions from COVID-19 have affected data quality.

When you have reached the end of the form, you will be able to submit your completed/in progress summary report and receive a specific link. Each district/charter will have their own unique link to access their answers at a later time. Via that specific link, you can update/edit your responses until December 15, 2021.

Save your specific survey link for easy access to your district/charter's summary report.

Contact our WBWF Specialist at mde.worldsbestworkforce@state.mn.us if you need a copy of your specific survey link.

Annual Report

MDE understands this past school year (2020-2021) ended under unique circumstances due to the COVID-19 pandemic. Therefore, we are providing reporting options that reflect this disruption in your ability to appropriately report annual progress.

WBWF Requirement: For each school year, the school board must publish a report in the local newspaper, by mail or by electronic means on the district website.

A&I Requirement: Districts must post a copy of their A&I plan, a preliminary analysis on goal progress, and related data on student achievement on their website 30 days prior to the annual public meeting.

5. Provide the link to the district's WBWF annual report and A&I materials.

Provide the direct website link to the district's WBWF annual report. If a link is not available, describe how the district disseminates the report to stakeholders.

<https://www.schoolofnorthernlights.org/assessment>

Provide the direct website link to the A&I materials.

Annual Public Meeting

These annual public meetings were to be held in the fall of each school year. Report on this measure for the 2020-2021 school year.

WBWF Requirement: School boards are to hold an annual public meeting to communicate plans for the upcoming school year based on a review of goals, outcomes and strategies from the previous year. Stakeholders should be meaningfully involved, and this meeting is to occur separately from a regularly scheduled school board meeting.

A&I Requirement: The public meeting for A&I is to be held at the same time as the WBWF annual public meeting.

6. Provide the date of the school board annual public meeting to review progress on the WBWF plan and Achievement and Integration plan for the 2020-21 school year.

11/16/2020

3. World's Best Workforce

District Advisory Committee

The District Advisory Committee should be in place at the start of the school year. Report on your membership list.

WBWF Requirement: The district advisory committee must reflect the diversity of the district and its school sites. It must include teachers, parents, support staff, students, and other community residents. Parents and other community residents are to comprise at least two-thirds of advisory committee members, when possible. The district advisory committee makes recommendations to the school board.

7. District Advisory Committee Members

Complete the list of your district advisory committee members for the 2020-21 school year. Ensure roles are clear (teachers, parents, support staff, students, and other community residents).

Equitable Access to Effective and Diverse Teachers

Staffing should be in place by the start of the 2020-21 school year. Report on your equitable access to excellent and diverse educators for the start of the 2020-21 school year.

WBWF Requirement: WBWF requires districts and charters to have a process in place to ensure students from low income families, students of color, and American Indian students

are not taught at disproportionate rates by inexperienced, out-of-field, and ineffective teachers. The legislation also requires that districts have strategies to increase access to teachers who reflect the racial and ethnic diversity of students.

While districts/charters may have their own local definitions, please note the definitions developed by Minnesota stakeholders during the Every Student Succeeds Act (ESSA) state plan development process:

An **ineffective teacher** is defined as a teacher who is not meeting professional teaching standards as defined in local teacher development and evaluation (TDE) systems.

An **inexperienced teacher** is defined as a licensed teacher who has taught for three or fewer years.

An **out-of-field teacher** is defined as a licensed teacher who is providing instruction in an area which he or she is not licensed.

The term "equitable access gap" refers to the difference between the rate(s) at which students from low income families, students of color, and American Indian students are taught by inexperienced, out-of-field, or ineffective teachers and the rate at which other students are taught by the same teacher types. This is not to be confused with the "achievement gap" (how groups of students perform academically); rather, "equitable access gap" is about which student groups have privileged or limited access to experienced, in-field, and effective teachers.

Districts/charters are encouraged to monitor the distribution of teachers and identify equitable access gaps between and within schools, but they may also make comparisons to the state averages or to similar schools. It is important to note that some of the most significant equitable access gaps occur at the school and classroom level.

Districts/charters may also use other indicators of "effectiveness" such as teachers receiving stronger evaluations overall, teachers with strengths in particular dimensions of practice (e.g., culturally responsive practices), teachers certified by the National Board for Professional Teaching Standards, or teachers with demonstrated student growth and achievement results.

8. Describe your process for ensuring students of color, American Indian students and students from low income families have equitable access to experienced, in-field, and effective teachers.

How did the district examine equitable access data? What data did you look at? How frequently do you review the data?

Who was included in conversations to review equitable access data?
(200 word limit)

St. Paul School of Northern Lights is a district of one school. Students of color, American Indian students, and students from low-income families, along with all other students, were divided into 8 classrooms based on grade level, with no higher concentration of low-income students or students of color in any given classroom. We strive to recruit effective teachers for all classrooms. No classes were lead by a first year teacher, though two teachers were in their second year of teaching. We continue to recruit and hire teachers that are effective and aligned with our mission and model.

What strategies has the district initiated to improve student equitable access to experienced, in-field, and effective teachers?

What goal(s) do you have to reduce and eventually eliminate equitable access gaps?
(200 word limit)

As we continue to grow our program, we are more able to hire experienced teachers. We also continue to develop teachers through other positions in the school before they take on classroom teaching roles.

WBWF Requirement: WBWF requires districts and charters to examine student access to licensed teachers who reflect the racial and ethnic diversity of students. A growing body of research has demonstrated that all students benefit when they are taught by racially and ethnically diverse staff throughout their career, and students of color and indigenous students benefit even more. Consequently, working to increase teacher racial diversity is beneficial to all schools.

9. Describe your efforts to increase the racial and ethnic diversity of teachers in your district.

Which racial and ethnic student groups are present in your district that are not yet represented in your licensed teacher staff? How many additional teachers of color and American Indian teachers would you need in order to reflect your student population?
(200 word limit)

While we have a diverse staff in many respects, we have limited racial diversity among our licensed teaching staff. Do adequately reflect our student population, we would need three additional licensed teachers of color.

What strategies has the district initiated to increase and retain teachers of color and American Indian teachers in the district? What goal(s) are you pursuing?

(200 word limit)

We work with members of our community to support our staff of color who may want to pursue licensed teaching positions and actively seek out candidates of color in teaching licensure programs.

Local Reporting of Teacher Equitable Access to Effective and Diverse Teachers Data

Districts are required to publicly report data on an annual basis related to student equitable access to teachers, including data on access for low-income students, students of color, and American Indian students to experienced, in-field, and effective teachers and data on all student access to racially and ethnically diverse teachers.

10. For this 2020-21 WBWF summary report submission, please check the boxes to confirm that your district publicly reported this data.

District/charter publicly reports data on an annual basis related to equitable teacher distribution, including data on access for low-income students, students of color, and American Indian students to effective, experienced, and in-field teachers.

District/charter publicly reports data on an annual basis related to student access to racially and ethnically diverse teachers.

Goals and Results

SMART goals are: specific and strategic, measurable, attainable (yet rigorous), results-based and time-based. Districts may choose to use the data profiles provided by MDE in reporting goals and results or other locally determined measures.

11. All Students Ready for School

Does your district/charter enroll students in kindergarten?

Yes

Goal

Provide the established SMART goal for the 2019-20 school year.

Receive kindergarten screenings for 90% of incoming kindergarteners.

4. Achievement & Integration

Once they are approved by MDE, Achievement and Integration (A&I) plans are in effect for three years. At the end of the third year, the commissioner must determine if districts met each goal in their approved plans (Minn. Stat. § 124D.862, subd. 8).

In order to do this, each district is asked to provide information in this A&I progress report indicating whether or not each of their plan goals has been met. The information you submit will also be used to provide ongoing support for your A&I efforts.

Districts with one or more racially identifiable schools will also submit progress reports to verify whether 2020-21 A&I plan goals for each of those schools were on track.

Districts that don't meet plan goals after three years are to consult with the commissioner on improvement plans and use up to 20% of their annual A&I revenue to fund improvement strategies—strategies that will make it more likely for a district to meet their new A&I goals (Minn. Stat. § 124D.862, subd. 8).

*This section is only required for districts with an [approved Achievement and Integration plan during the 2020-21 school year](#). If your district does not have an MDE approved Achievement and Integration plan, click on the **Back** button at the bottom to return to question #4 and ensure you indicated your district does not have an MDE-approved A&I Plan for the 2020-21 school year.*

(Narrative is required. 200-word limit.)

5. Achievement & Integration

Once they are approved by MDE, Achievement and Integration (A&I) plans are in effect for three years. At the end of the third year, the commissioner must determine if districts met each goal in their approved plans (Minn. Stat. § 124D.862, subd. 8).

In order to do this, each district is asked to provide information in this A&I progress report indicating whether or not each of their plan goals has been met. The information you submit will also be used to provide ongoing support for your A&I efforts.

Districts with one or more racially identifiable schools will also submit progress reports to verify whether 2020-21 A&I plan goals for each of those schools were on track.

Districts that don't meet plan goals after three years are to consult with the commissioner on improvement plans and use up to 20% of their annual A&I revenue to fund improvement strategies—strategies that will make it more likely for a district to meet their new A&I goals (Minn. Stat. § 124D.862, subd. 8).

This section is only required for districts with an [approved Achievement and Integration plan during the 2020-21 school year](#). If your district does not have an MDE approved Achievement and Integration plan,

click on the Back button at the bottom to return to question #4 and ensure you indicated your district does not have an MDE-approved A&I Plan for the 2020-21 school year.
